

Developing the IFI Statement of Strategy 2026-2030

Working Document Version 3 – for Consultation

Iascach Intíre Éireann
Inland Fisheries Ireland

Submissions to Inland Fisheries Ireland's Statement of Strategy process for 2026-2030

IFI's valued partners and key stakeholders are invited to participate in the development of our new Strategic Plan for 2026 – 2030.

IFI is the State environment agency responsible for protecting, managing and conserving Ireland's inland fisheries and sea angling resources. As we look ahead to our new plan, we are keen to take this opportunity to set the direction for how IFI will continue to position the State's inland fisheries and sea angling resources as sustainably as possible for the benefit of future generations.

As Ireland, like the rest of the world, continues to experience the detrimental effects of climate change, our work has never been more important.

At IFI, we recognise that the insights and perspectives of our stakeholders are crucial in crafting a strategy that is not only innovative and forward-looking but also grounded in the realities of the environment we work in. Your experience, knowledge, and unique viewpoint would provide invaluable contributions to this process.

We are seeking your input in several key areas:

1. Provide your perspective on the proposed Vision, Mission, and Values for IFI over the next 5 years.
2. Are the proposed 4 Strategic Priorities and accompanying Initiatives and Outcomes appropriate?
3. Are the proposed 4 Strategic Enablers with Key Priorities appropriate?
4. In your view are there any areas or issues not represented in the strategy that should be?
5. Provide any further general comments on the draft Statement of Strategy

Next Steps

To facilitate your involvement, we would welcome the submission of your views via the questionnaire below by **Friday October 17th, 2025**.

We believe that a collaborative approach will lead to a stronger, more resilient strategy to guide the years ahead, and we thank you for your time and consideration.

We look forward to your participation and valuable input.

Return Address for written submissions:

REF Statement of Strategy submissions,
Inland Fisheries Ireland,
3044 Lake Drive,

16. Please provide any further comments for questions 12-15 below.

A large, empty rectangular box with rounded corners, intended for providing further comments. The box is outlined in a thin grey line and occupies most of the page below the question text.

Additional Questions

17. In your view are there any areas or issues not represented in the strategy that should be?

A large, empty rounded rectangular box with a thin black border, intended for the user to provide their answer to question 17. The box is positioned centrally below the question text and occupies most of the lower half of the page.

18. Provide any further general comments on the draft Statement of Strategy

A large, empty rectangular box with rounded corners, intended for providing general comments on the draft Statement of Strategy. The box is currently blank and occupies the majority of the page below the question.

Just in Time notice

As part of submissions in relation to IFIs Statement of Strategy 2026-2030, IFI will collect Identity Data (Name) and Contact Data (home, email and phone number- where included) so that we may administer an acknowledgment of your submission and provide you with a unique reference number, or where we are required to correspond with you in relation to your submission. Your personal data will be held securely by IFI in line with GDPR and the Data Protection Acts for a minimum of 12 months following completion of IFIs Statement of Strategy 2026-2030 public consultation. IFI will share submissions made with Ernest & Young (EY) our partners in the development of IFIs Statement of Strategy 2026-2030.
