For the Attention of Susan Campion

Dear Susan, Having recently been contacted by numerous concerned parties regarding the imminent pike policy review.

We at the Irish Angling Alliance make the following request. That the review be suspended until at some time there is a qualified independent pike expert involved in all matters appertaining to the pike policy review.

We at the Alliance feel that such an action should remove all thoughts of bias from the minds of any organization or for that matter any individual concerned parties.

Yours sincerely.

Geoff Cooper. (For and on behalf of the Irish Angling Alliance.)

29th of November 2016.
